Dear Melanie:

It has been a pleasure speaking with you on the phone.
I can't wait to meet you when I get out there in August
(21 - 27). We'll have to take in some sights.

As we discussed, enclosed is a 35mm Dolby Stereo print of
a-ha's "Take On Me". I think the band and their manage-
ment might enjoy showing this in their home town. If not,
let me know and I'll find a screen for it in L.A.

Also enclosed is a breakout of our launch so far. Unfortune-
ately, I will not have screen locations in L.A. until
Monday, July 29th for the August 2nd launch.

If possible, please explore the possibility of getting
permission for me to use a frame of the animation for
various publications. I have the 35mm negative here in
New York and we could figure out a mutually agreeable
frame.

Thanks for all your help.

Best regards,
